The Vineyards

The grapes were sourced from two different vineyards in Elgin which is known for its cool climate giving the wines a good acidity.

Winemaking

The grapes were hand harvested at 22.5 balling and delivered in small lug boxes to the cellar. The grapes were then whole bunch pressed and 100% fermented naturally in 1st, 2nd and 3rd fill French, Romanian and Hungarian oak barrels and matured for 11 months in barrel. The wine did not go through malolactic fermentation to keep its freshness and primary fruit flavours.
